

Try Too Hard

The Dave Clark Five

Tell me, do you want my love
Tell me what you're thinkin' of
I've been waitin' 'round so long
You don't try too hard
You don't try too hard

I hope you're not tryin' to make a fool of me
'Cause if you are I know there's going to be
Some tears fallin' and they won't be mine
You don't try too hard
You don't try too hard

Some people may want many loves, my friend
But we both know what happens to them in the end
So please listen to these words of mine
And let me know that I'm not wasting my time
I'm sure that we could get along very fine
You don't try too hard
You don't try too hard

You don't try too hard
You don't try too hard
You don't try too hard
You don't try too hard
