

Universal Love

The Dave Clark Five

Problems here, problems there
People live in fear
How the old folks then sincerely
Didn't used to be so hard to live

So how to change, to rearrange
To wipe away the tears
Oh, the answer is coming clear
We can make it

If we could live in
Universal love
And planetary peace
All the old world's suffering
Will it so soon be relieved

If we could live in
Universal love
And planetary peace
All the new world's energies
Will it so soon be released

There's a way, yes there's a way

Black or white, stage's fright
Love is understanding
Oh, let's try to make commitments
In this crazy world

So how to change, to rearrange
To wipe away the tears
Oh, the answer is coming clear
We can make it, oh

If we could live in
Universal love
And planetary peace
All the old world's suffering
Will it so soon be relieved

If we could live in
Universal love
And planetary peace
All the new world's energies
Will it so soon be released

All the old world's suffering
Will it so soon be relieved
