

You Never Listen

The Dave Clark Five

When I-I-I-I try to speak to you
My words don't mean a thing
You never listen to me

When I-I-I-I want to love you, girl
And give you everything
You never listen to me

Am I wasting my time?
You know what I mean
Tellin' you what you're missin'
How can I when you never listen?

You never listen
You never listen
You never listen

When I-I-I-I said goodbye last night
You never said a word
You never listen to me

You-ooh-ooh-ooh saw me walk away
Pretend you never heard
You never listen to me

Is there someone new
That's tellin' you lies
Tellin' you what you're missin'
How can I when you never listen?

You never listen
You never listen
You never listen

When I-I-I-I try to speak to you
My words don't mean a thing
You never listen to me

I-I-I-I want to love you, girl
And give you everything
You never listen to me, no, no
You never listen to me, no, no
You never listen to me, no, no
