Nothing Is Wrong

The dB's

I see love as something that
Either works or it doesn't, it's as simple as that
I think you just don't see
What your love has done to me

Nothing I say could be wrong
Nothing I think about is wrong
With you, girl

Say goodbye, it's time to go
Just don't tell me that you didn't know

Nothing I say could be wrong
Nothing I think about is wrong
With you, girl

I see love as something that
Either works or it doesn't, it's as simple as that

Nothing I say could be wrong
What will you do with me gone

I'm just thinking about you
I'm just thinking about you
