

30 Days In The Hole

The Dead Daisies

Chicago Green, talkin' 'bout Black Lebanese
A dirty room and a silver coke spoon
Give me my release
Black Nepalese, it's got you weak in your knees
Sneeze some dust that you got buzzed on
You know it's hard to believe

30 days in the hole
30 days in the hole
30 days in the hole
I got 30 days

Newcastle Brown can sure smack you down
Take a greasy whore and a rollin' dance floor
If you live on the road, there's a new highway code
You take the urban noise with some durban poison
You're gonna lessen your load

30 days in the hole
30 days in the hole
30 days in the hole
30 days in the hole

Black Nepalese, it got you weak in your knees
Gonna sneeze some dust that you got busted on
You know, it's hard to believe
Newcastle Brown can sure smack you down
You take a greasy whore and a rollin' dance floor
You know you're jailhouse-bound

30 days in the hole
30 days in the hole
30 days in the hole
30 days in the hole

...
