

## Back To Zero

### The Dead Daisies

I say high, you say low  
(Don't ask why, cause I don't know)  
Out of faith, out of mind  
(We can't make up wasted time)  
You say love, I say life  
(No one's wrong, no one's right)

Woman, woman, take me back  
Right back to zero  
Woman, woman, take me back  
Right back to zero

No more thoughts, without those pills  
(Can we mend our broken wills)  
If I do this, and you do that  
(One step forward, two steps back)  
One more promise, one more lie  
(No one's wrong, no one's right)

Woman, woman, take me back  
Right back to zero  
C'mon, c'mon, take me, take me  
Right back to zero

I say black, you say white  
No one's wrong, no one's right  
Aaah!

Woman, woman, take me back  
Right back to zero  
Woman, woman, take me back  
Right back to zero  
Woman, woman, take me, take me  
Right back to zero  
C'mon, c'mon, take me back  
Right back to zero
