Cascade

The Dead Daisies

Take me downtown, getting late
Come around, by the western gate
I feel so lost in the atmosphere
We've come so far, but yet so near
We've come so far, but yet so near
Oh yeah

Time and space, I testify
In the grace, identify

Into the fire
Deep in the lost echo
I'll wait in the shade
You'll find me in the cascade

Mindless in the gallery
Faithless, got no liberty
A call of the siren, by the lake
Walk with the lion, til I wake

Into the fire glow
Deep in the lost echo
I'll wait in the shade
You'll find me in the cascade

Into the fire glow
Deep in the lost echo
I'll wait in the shade
You'll find me in the cascade

Into the fire glow
Deep in the lost echo
I'll wait in the shade
You'll find me in the cascade
