

## Courageous

### The Dead Daisies

Arc light I do rely  
Black sky you wonder why  
You try so hard  
But you can't let go  
You hear a word my friend?  
You breathe, you let it in  
I hear you callin'  
I hear you callin'

Now you got to believe  
When you give & receive  
It's courageous  
Now you're breaking away  
Got to live for today  
It's courageous

What will become of you?  
Sweet little bird in June  
You try so hard  
But you can't let go

And now you testify  
It's time to purify  
Under the skin, sanctify yourself  
Sit tight hold back again  
You breathe, you let it in  
I hear you callin'  
I hear you callin'

Now you got to believe  
When you give and receive  
It's courageous  
Now you're breaking away  
Got to live for today  
It's courageous

C'mon, c'mon, c'mon, c'mon  
C'mon, c'mon, c'mon, c'mon  
C'mon, c'mon, c'mon, c'mon  
Hey

Arc light I do rely  
It's time to purify  
I hear you callin'

Now you got to believe  
When you give and receive  
It's courageous  
Now you're breaking away  
Got to live for today  
It's courageous

You got to believe  
It's courageous  
You're breaking away  
It's courageous

C'mon, c'mon, c'mon, c'mon  
C'mon, c'mon, c'mon, c'mon  
Hey
