

Evil

The Dead Daisies

You're a long way from home
Can't sleep at night
Grab your telephone
Something ain't right

Its evil, there's evil goin' on
And I'm just warning you brother
You better watch your happy home

Long way from home
Can't sleep at all
Feels like a mule's kicking in your skull

Its evil, there's evil goin' on
Yeah I'm just warning you brother
You better watch your happy home, happy home

Long way from home
Can't sleep at all
Feels like another mule's kicking in your skull

Its evil, there's evil goin' on, that's right
And I'm just warning you brother
You better watch your happy home

Evil
Evil
Evil
Evil going on
And I'm just warning you brother
You better watch your
You better watch your happy home
