

Get Up, Get Ready

The Dead Daisies

Move every night we're on a highway
Too long since I've had a taste of home
Believe me it ain't for the love of money
Life on the road to sing a song

Are you here for the party
Are you feeling alive
We've been thinking about it
How bout' you?

Tonight
Get up and get ready (get ready)
Tonight
Raise your hands if you're ready

Feel...yeah the beat is getting stronger
Leave...all your troubles at the door
Higher...it don't matter how you use it
Desire...gonna leave you wanting more

We're all here for the party
And we're feeling alive
We just can't live without it
How bout you?

Tonight
Get up and get ready (get ready)
Tonight
Raise your hands if you're ready (you're ready)

Tonight
Get up and get ready (get ready)
Tonight
Raise your hands if you're ready (you're ready)
Tonight
Get up and get ready (get ready)
Tonight
Get ready!
