

Light 'Em Up

The Dead Daisies

Well, I'm rolling in, to show and tell
I'm back in heaven, straight from hell
My oh my, no sleep until I die
One more shot, one more round
Tear it up, don't back down
Raise your fist to the sky
Welcome to the other side

Oh oh oh, yeah, we're rolling
Oh oh oh, let's go...

Light em' up
Light em' up
Light em' up
Light em' up

Well, I'm rocking' roads far and wide
From top to bottom, side to side
Let's get outta sight and raise some hell tonight
C'mon sinners, c'mon saints
No excuses, no complaints
Shake it off, break some walls
Play to win, take it all

Oh oh oh, lightning striking
Oh oh oh, keep on fighting... come on!

Light em' up
Light em' up
Light em' up... yeah
Light em' up... woo!

Oh oh oh, wheels are turning
Oh oh oh, yeah, they're burning... yeah!

Light em' up
Light em' up... right now
Light em' up
Light em' up

Oh, oh, oh, feel the thunder
Oh, oh, oh, oh!

Light em' up
Light em' up... yeah!
Oh, oh, oh
Oh, oh, oh, c'mon!

Light em' up
Light em' up
Light em' up... wooo!
Light em' up

Light em up...
