

Mainline

The Dead Daisies

I just want to
Catch the fast train
To a place that's somewhere down the line
It's always running, and it's right on time

You can come too
You don't need a
Ticket but you're gonna love the ride
Forget your worries leave them all behind

I'm heading down, I'm going deep
I'm wide awake, I never sleep
I'm on the main line
Without a plan, I'm right on track
Here come the man, no turning back
I'm on the main line

One ride is all
I need to release
That fucking monkey in my brain
It's all aboard the one way pleasure train

I'm heading down, I'm going deep
I'm wide awake, I never sleep
I'm on the main line
Without a plan, I'm right on track
Here come the man, no turning back
I'm on the main line

1 2 3 4
Get my sorry ass up off the floor

You can't fight it
Can't deny it
Realize it, don't look so surprised
When you roll the dice you pay the price

I'm heading down, I'm going deep
I'm wide awake, I never sleep
I'm on the main line
Without a plan, I'm right on track
Here come the man, no turning back
I'm on the main line
