

Ask Me To Dance

The Dead Milkmen

Ask me to dance
Ask me to dance
While the room around me explodes
This is your last chance
Just 'cause I have one leg
Don't mean I can't twist
I hop along peg leg style
And you act like I don't exist
This is a dancin' song
And I don't want to dance all alone
No, I don't want to dance all alone
Said, I'm not gonna dance all alone
'Cause I feel so lonely
Ask me to dance
Ask me to dance
While the room around me explodes
This is your last chance
Through no fault of my own
I was born to this child
Portable party, wallflower girl
Now, I'm going to dance free style
This is a dancin' song and I
Don't want to dance all alone
No, I don't want to dance all alone
Said, I'm not gonna dance all alone
'Cause I feel so lonely
So ask me to dance
Ask me to dance
While the room around me explodes
This is your last chance
What's a girl to do if she only has one leg?
Well, I imagine she could join a convent
Ask me to dance
Ask me to dance
Ask me to dance, ask me to
