## Like To Be Alone

## **The Dead Milkmen**

Sometimes I like to be alone (x2) But when I hear your voice I don't have any choice I want to crawl right through the phone And I don't want to be alone

Sometimes I need to get away (x2) But when I read your card I found it very hard Not to be with you today Sometimes I need to get away

God is gravity God is the law God is love so Love is the law And love is gravity I feel you (x2) Pulling me

Sometimes I'm happy feeling sad (x2) But when I think of you I'm through with feeling blue I think of good times we could have Sometimes I'm happy feeling sad
