

Are You on Drugs?

The Dead Rabbits

Is this where you let go?
Is this where you walk away from us?
Away from us.

Is this where I let go!
Is this where I get by on my own now!
I'm on my own.

Am I breaking up?
Is there something wrong here?
Somethings wrong!
Am I breaking up?
Is there something wrong here?
Somethings wrong!

There's nothing wrong, there's nothing wrong,
Just let go, let go.
Just moving on, moving on,
So let go, let go.
Tell me I'm the only one,
Who knows that this could be,
So much more then this.

Are you on drugs!

Is this where I forget everything you said?
Well then I will,
Then I will.
Is this where I find myself again?
As I'm dodging bullets,
I'm on my own in the end.

Am I breaking up?
Is there something wrong here?
Somethings wrong!

There's nothing wrong, there's nothing wrong,
Just let go, let go.
Just moving on, moving on,
So let go, let go.
Tell me I'm the only one,
Who knows that this could be,
So much more then this.

Are you on drugs!
Are you on drugs!
Are you on drugs!
Are you on drugs!
