The Dead Rabbitts

Hellscape
Hellscape
Hellscape

Hi my name is Mr. Destruction
Everything I touch seems to turn to dust
I don't understand this existence
I've spent far too long trying to deconstruct

One more push and I'll lose my grip
I can feel the walls slowly closing in
One more word and I'll just give in
One step away from the fuckin end

One more push I'll lose my grip
One more word I'll just give in
Left destruction in my wake
My whole life's a hellscape
Hellscape

I think my conception was a mistake
Joy is something I can't integrate
I get so uncomfortable with your praise
I feel undeserving so out of place

(One more push and I'll lose my grip)

One more push I'll lose my grip
One more word I'll just give in
Left destruction in my wake
My whole life's a hellscape

I'm pathetic unapologetic
Don't you get it? I play copasetic
I'm pathetic unapologetic
Don't you get it? I play copasetic
I'm pathetic unapologetic
Don't you get it? I play copasetic
I'm pathetic unapologetic
Don't you get it? I play copasetic

One more push I'll lose my grip
One more word I'll just give in
Left destruction in my wake
My whole life's a hellscape (hellscape)
One more push I'll lose my grip (my grip)
One more word I'll just give in (give in)
Left destruction in my wake (my wake)
My whole life's a hellscape (hellscape)
