

Meat HOOK

The Dead Rabbits

(Bury you down with graves you took
While you're hanging with the bodies
Bleed out on the meat hook)
(Bury you down with graves you took
While you're hanging with the bodies
Bleed out on the meat hook)

I can see through all your lies
I can see through your disguise
Draining me to the point of death
You said it's
It's in my head
It's in my head
Dragging me down in the dark

(Bury you down with graves you took
While you're hanging with the bodies
Bleed out on the meat hook)
(Bury you down with graves you took
While you're hanging with the bodies
Bleed out on the meat hook)

Left me broken and bleeding
Gave life with no meaning
Now leave me alone
(Cause I can't keep hearing your bullshit)
Fake love told me you mean it
Your life has no meaning
Now leave me alone
(One more word and I'll make you regret it)

(Bury you down with graves you took
While you're hanging with the bodies
Bleed out on the meat hook)
(Bury you down with graves you took
While you're hanging with the bodies
Bleed out on the meat hook)

I can see through all your lies
I can see through your disguise
Draining me to the point of death
Don't come running when there's nothing left

Left me broken and bleeding
Gave life with no meaning
Now leave me alone
(Cause I can't keep hearing your bullshit)
Fake love told me you mean it
Your life has no meaning
Now leave me alone
(One more word and I'll make you regret it)

Left me broken and bleeding
Gave life with no meaning
Now leave me alone
(Cause I can't keep hearing your bullshit)

(Bury you down with graves you took, took, took)
(Bury you down with graves you took, took, took)
Meat hook
Hanging with the bodies on the meat hook
