

## Dixi Driver

The Dead

You see a plastic box and want to paint it brown  
Creating new sensations with a unique sound  
Cheeks blast! Open fire! Check your ass for ammo!  
Take command and raise war on your dixi-throne!

Brown and deep, delightful warm!  
Command to reap? The smelly form!

Dive into - this lake of poo - swallow shit - just go for it!  
Creamy brown chunks in your favorite soup!  
Time for dinner - join the dixi troops!

Use this box like a whore, it's a toilet-for-hire!  
Unleash a tsunami with your beer-ass-fire  
Dive into the black hole, dive into the dark!  
Drop your pants, free your mind, ease yourself, set your mark!
