

Take More Than You Need

The Dear Hunter

Torn away from the one thing I can rely on,
Beaten down to the core,
Just as long as there's enough to go around.

Take more then you need,
Take enough to hollow me out.
Take more then you need,
Take enough to hollow me out.
Take more then you need,
Take enough to hollow me out.
Take more then you need,
Take enough to hollow me out.

You give and you give and you give,
Till there's nothing more to give,
Just a hole and the sin of the charitable.
I've been around long enough to remember,
Why I don't give any more.

Take more then you need,
Take enough to hollow me out.
Take more then you need,
Take enough to hollow me out.
Take more then you need,
Take enough to hollow me out.
Take more then you need,
Take enough to hollow me out.

Now wave goodbye and pray for piece of mind.
Now wave goodbye and pray for piece of mind.

Take more then you need,
Take enough to hollow me out.
Take more then you need,
Take enough to hollow me out.
Take more then you need,
Take enough to hollow me out.
Take more then you need,
Take enough to hollow me out.

Now wave goodbye and pray for piece of mind.
Now wave goodbye and pray for piece of mind.
