

## Crisis 1 & 2

### The Dears

been looking at the roadwork  
I can't work like this  
it's hazardous for us  
better hide out for the weekend  
or they'll do us in  
they'll do us all

don't make a sound

three times it could be denied  
it's a suicide mission  
that has us by the balls

take the front and I'll take the back  
a surprise attack should do the job

gonna make my way to the railway tracks  
there's a train coming soon  
and I can't look back  
and I'm dying to know how much you care  
I can hear it in the distance under my heartbeat  
I feel the rumble gettin' closer on the soles of my feet  
and I'm dying to know how much you care  
knocking over pillar after pillar of salt  
only bullets gonna get me to a grinding halt  
and I'm dying to know how much you care  
oh lord  
yeah I'm talking to you  
it's been a life long sentence  
and you thought we were through  
but now I'm dying to know how much you care
