

# Fear Made The World Go 'Round

The Dears

you're trying to pretend  
to love  
all those people that you think are  
beneath you

and there is no known doubt  
that they got guns in their hands  
there is no known doubt  
that they got guns in their hands

'cause the whole world lives in fear  
said the whole world lives in fear

and i know it  
i know it  
i know it  
i know it  
i know  
i know in my bones

i know it  
i know it  
i know it  
i know it  
i know  
i know in my bones

no it's not a question of loss  
it's not a question of win  
oh no  
oh no  
and no never mind the cost  
or even how we get in  
oh no  
oh no  
now i don't want you to feel so bad  
no i don't want you to feel so bad  
that's not what i want

we'll be okay  
we're all okay  
we'll be okay  
we're all okay
