

## I Fell Deep

The Dears

I fell deep, through the holes of your eyes  
and what I found resembles dollar signs  
The kind of hell I'm in ain't enough to keep me down  
the kind of hell I'm in just ain't enough  
just ain't enough to keep me down

Still I cry and I cry and I cry  
cause there is no turning back  
I said I cry and I cry and I cry  
cause there is no turning back

What's this that you have  
you can't expect for us to raise a finger for no cash  
oh no oh  
so take this hall, turn to the left and follow the signs  
find out what we're not supposed to know  
those doors are locked from the outside  
don't let that stop you from busting out
