

No Cities Left

The Dears

Let's just keep fighting the end
We're holding hands
We're making plans for life

Let's just keep fighting the end
Last time I swear
Or we'll be nowhere tonight

Don't you think that now
Is the time to move on
If you don't mind
Well I'll just keep holding on, for good

Don't you think that now
Is the time to move on
If you don't mind
Well I'll just keep holding on, for good

Let's just keep fighting
The end of the world
We will hold hands
And we will make plans for life
