No Return

The Dears

start here
don't fear
it's ours dear
there' no chance of tearing us apart
hearts filled
strong willed
thoughts killed
promise me that we won't let them win
again

side roads
up loads
pass codes
surely there's another way for us
no light
long night
sit tight
don't say you won't find you way back home
alone

cash flow
radio
let me go
