

When I Come Home

The Del-Vikings

Tell me please, tell me please
Won't you tell me please?
Let me know, let me know
Put my mind at ease

When I come home will you be waiting?
When I come home, must my poor heart be aching?
Will you be there when I come home?

Let me know, let me know
Let me know the story
Put me in, put me in
Put me in my glory

When I come home may God be with me?
I hope and pray that you hug and kiss me
Will you be there when I come home?

May the angels sing in heaven
May Gabriel blow his horn
When I'm with you, oh my darling
Nothing really [Incomprehensible]

When I come home may God be with me?
I hope and pray that you hug and kiss me
Will you be there when I come home?

Tell me please, tell me please
Won't you tell me please?
Let me know, let me know
Put my mind at ease
When I come home
