Take off that frown  
Your in love

Open the door (open the door)  
Don't cry no more  
Your in love

You know we need each other  
And you girl  
Yes you should be lovin me  
Lets go on together  
We'd be happy

We're in love  
Wake up (wake up)  
In your own way (in your own way)  
Than you might say  
Your in love
