

# Closer

The Dells

Ba do ba do ba  
Closer, closer, closer  
I like to be closer to you  
A little bit closer

Closer

Let's get closer  
Like two peaches hanging on a tree  
Like a sweet, sweet honey to the bees  
I want to get closer  
Closer  
No more breaking up and doing wrong  
How come making up takes much too long?  
I got to get closer to you  
I give to you and you give to me  
It's going to be our Love's recipe  
Never let temptation intervene  
No more evil powers ever come between

Let's get closer (Closer, closer, closer, wooo)

Just like figments sticking in a flood  
(Closer, closer, closer, wooo)  
Darling, let's be like two pair of ducks  
(Closer, closer, closer, wooo)  
I want to get closer to You  
And even when we're as close as we can get  
Let's tell ourselves, we're not close enough yet  
While all around me are slowly dying  
Let's make our love keep on multiplying

Let's get closer (Closer, closer, closer, wooo)

Like a tide rushing to the shore (Closer, closer, closer, wooo)  
May us last my dear forever more (Closer, closer, closer, wooo)  
Closer

Keep it together, Let's keep it together  
Keep it together, Let's keep it together

Closer  
Let's not waste our time fussing or fighting, yeah  
(Closer, closer, closer, wooo)  
I'd rather spend my time holding each other tight, yeah  
(Closer, closer, closer, wooo)  
When I'm close to you, yeah (Closer, closer, closer, wooo)  
I feel like I'm close to heaven (Closer, closer, closer, wooo)  
Darling, can't you see (Closer, closer, closer, wooo)  
You're as close as heaven as I want to be  
(Closer, closer, closer, wooo)  
Let me, let me, let me get closer Baby  
Let me, let me, let me get closer
