

Higher And Higher

The Dells

Hmm, hmm, hmm, hmm
Hmm, hmm, hmm, hmm, hmm

My love keeps on growing baby
Higher and higher
My love keeps on growing baby
Higher and higher

First came the need of a high
Then your warm and friendly smile
And love blossomed out of nowhere baby
Like a lily in the thicken of the wild

My love keeps on growing baby
Higher and higher
My love keeps on growing baby
Higher and higher

More and more, I wanted you darling
More than words could ever say
Then finally one night, you said I love you
And the darkness seem to roll away

My love keeps on growing baby
Higher and higher
My love keeps on growing baby
Higher and higher

Hmm, hmm, hmm, hmm
Hmm, hmm, hmm, hmm, hmm

Father time has brought us closer baby
Like two love birds on a swing
And faith has given us shelter baby
Like an umbrella in the rain

My love keeps on growing baby (Growing)
Higher and higher
My love keeps on growing baby (Growing)
Higher and higher
Growing up (Higher, higher, higher, higher)
Growing always up (Higher baby)
All that I need (Higher, higher, higher, higher)
Keep on growing up (Higher baby)
