

Love Can Make It Easier

The Dells

Ba ba ba ba ba ba
Ba ba ba ba ba ba

Wars, wars and rooms of wars
Confusion, mass confusion
A world full of strife, a world full of strife
Pestilence

Listen
Brother, you better listen good

Yeah, yeah, yeah, yeah

No one seems to care
About their fellow man no more
They say they like to lend a hand
But the bible let him do so

Love can make it easier
Help you find your way
Love can make it easier
If you only give it a chance

Ba ba ba ba ba ba
Ba ba ba ba ba ba

Grief, grief and strife
Dissension, disease, pestilence
Sorrow, sorrow
Pain, arguments, arguments

Listen, listen
And this time brothers and sisters
You better listen good

You should really try
To go out your way for someone
And lend a helping hand
Just to make one last much brighter then

Love can make it easier
Help you find your way
Love can make it easier
If you only give it a chance

Love can make it easier
Help you find your way
Love can make it easier
If you only give it a chance

Love can make it easier

Ba ba ba ba ba ba
Stop the war, stop the war! (Ba ba ba ba ba ba)

Ba ba ba ba ba ba
I'm so tired of all this thriving bullshit (Ba ba ba ba ba ba)
