

My Life Is So Wonderful

The Dells

My life is so wonderful, when you're around
My life is so wonderful, when you're around

When you hear, ooh chills run through my spine
Oh whenever you're around it really eases my mind
Everyday, today, I want to see your pretty face girl
When you push me in, a world of ecstasy

My life is so wonderful, when you're around
My life is so wonderful, when you're around

When you're here, I feel like loving you baby
Oh the feeling runs up and never ever ever comes down
Oh how would you feel when I took my heart I give it to you baby
When you're round and round thinking I was crazy

My life is so wonderful, when you're around round round round r
ound (oh don't you know it baby)
My life is so wonderful, when you're around round round round r
ound (oh don't you know it baby)
My life is so wonderful, when you're around, when you're around
round round round round
My life is so wonderful, when you're around round round round r
ound (oh baby)

My life is so wonderful, when you're around (my life, wonderful
)
My life is so wonderful, when you're around
My life is so wonderful, when you're around (thrills of chills
oh up and down my spine)
My life is so wonderful, when you're around
My life is so wonderful, when you're around
