

Nadine

The Dells

Have you ever been in love
The kind of love that won't let you eat
That won't let you sleep
I'm in love now
And my girl's name is...

Nadine
Oh my baby, where are you tonight?
Where is that thrill that comes with your arms
The caressing and holding me tight

Nadine Nadine Nadine Nadine
I miss your love
How I miss the glow of your smile
The laughter that brings me sweet bliss
Brings me sweet bliss

The thrill of your lips (thrill of your lips)
Seeps into my heart (Seeps into my heart)
And penetrated on my poor soul (penetrated on my poor soul)
Your lips ask the question (Your lips ask the question)
My lips told a lie (My lips told a lie)
Forgive me, darling
Don't you say goodbye

Oh, Nadine Nadine Nadine Nadine Nadine
I love you, Nadine
You know I love you, Nadine
I miss you so
Give me one more chance, Nadine
I want to make love to you one more night

I love you Nadine
