

# Slow Motion

The Dells

Hey sugar  
Have you, have you ever had a beautiful pain  
One, one you couldn't explain  
Or a, or a pleasant ache  
That you didn't really want to shake  
Well if you allow me to take my time  
I swear, I swear I'll blow your mind  
Loving in slow motion  
Let's take our time  
Ooh lovin' it slow motion  
Your every moment girl  
Is painting beautiful pictures in my mind  
Make it nice and easy  
Please don't tease me  
To the love and kisses  
Just let it linger  
In the state of bliss  
Let's explore complete surrender  
With a kiss for love  
Slow love  
Slow motion, love love love love love  
Slow, slow motion  
Hold me please  
Squeeze me yeah yeah  
Lets make love  
Slow it down real slow  
That's the way to go  
Don't need words to express  
Your warm, delicious tenderness  
Slow slow slow motion  
Slow motion  
Let's make love in slow motion, yeah  
I don't need words to explain  
Oh yeah  
Ooh, make it nice and easy (ooh just hug me and and and squeeze me)  
There's nothing about our love that's fake  
I want to enter your soul  
And eliminate every possible mistake  
Make it slow slow slow and easy (slow)  
Slow and easy baby  
Slow motion  
I want to make love in slow motion  
Sometimes I feel (slow motion)  
I want to hold you near my chest  
Oh baby  
Slow and easy babe  
Turn the lights down low  
Turn the lights down low  
Come on let's go  
Make it nice and easy  
Easy
