

## Why Do You Have to Go

The Dells

Why do you have to go?  
The night is still young  
And darling, I like to know  
If our love is real anymore

Why do you feel this way?  
The night is still young  
You know I'm at your command  
Won't you give me a chance?

We have had lots of quarrels  
And tomorrow will only bring sorrow  
That's why our love is so bold  
Believe me, you should know

Why do you have to go?  
The night is still young  
And darling, I want to know  
If our love is real anymore

Why do you feel this way?  
The night is still young  
And darling, I want to know  
If our love is really more
