

Just In Love With You

The Deslondes

I'm just in love with you
I'm just in love with you
I'm not trying to feed some selfish need
I'm just in love with you

Put your mind at ease
Put your mind at ease
There's no need to fear, our love's sincere
So put your mind at ease

Please don't turn away
Please don't turn away
I want you to see the genuine me
Oh please don't turn away
