

## Reasons

### The Devil Wears Prada

Give me a reason  
Give me a reason to

Bite the bullet and stay  
I watched the color  
Slowly begin to fade  
Can't help but wonder

If it's just another empty question  
A fear of letting go  
So sad I've learned my lesson  
But I need to know

Can you give me a reason to say we'll be fine  
And tell me we're leaving the past behind  
Can you give me a reason to say we're okay  
And make me believe we're better off this way

And make me believe we're better off this way

We're better off this way

If it's just another empty question  
A fear of letting go  
So sad I've learned my lesson  
But I need to know

Can you give me a reason  
I'm tired of leaving  
Can you give me a reason  
We're better off this way

A sickening feeling  
I can't stop the bleeding  
Won't you give me a reason  
We're better off this way

Give me a reason  
Give me a reason

If it's just another empty question  
A fear of letting go  
So sad I've learned my lesson  
But I need to know

Can you give me a reason to say we'll be fine  
And tell me we're leaving the past behind  
Can you give me a reason to say we're okay  
And make me believe we're better off this way

We're better off this way

And make me believe we're better off this way
