

Knee deep in the water  
Try to fight what fights back harder  
All these things I can't control  
Bringing up what's down below  
I can't help but wonder  
Why I always go back under  
All these things I can't control  
It's so cyclical  
So cyclical

I'm the prey, never the hunter  
Felt the need to run for cover  
All these things I can't control  
Are we born to die alone?  
Thought I heard the thunder  
And somehow it brought me comfort  
All these things I can't control

I'm gonna ride the wave  
Let it guide the way  
I used to think that drowning was the only way to breathe  
Now I just pretend that I have everything I need

There's a comfort in the quiet  
There's a calm without the storm  
I've come to terms with getting older  
Now that I'm not keeping score  
And if I don't wake up tomorrow  
There's not a thing I would regret  
Yeah, I used to feel hollow till I got this off my chest

I'm gonna ride the wave  
Let it guide the way  
I used to think that drowning was the only way to breathe  
Now I just pretend that I have everything I need

I'm gonna ride the wave  
Let it guide the way  
'Cause life is just a game and I never learned to cheat  
Maybe this world's better without
