

Where the Flowers Never Grow

The Devil Wears Prada

I'm good at getting lost
Counting all the leaves
'Cause I can't see the trees through the forest
The grass was never green
Why can't we agree to ignore that?
Ignore that

Will tomorrow ever come?
Thought that we were having fun
But haven't seen the sun in days
Whatever happened in between
Why can't we agree to ignore that?

I've been wrong, but I'll pay for this
Yeah, something's off, I'll admit

It felt like a dream but now it's over
The best of me has found some closure
Run it back inside my head
Been a week since I said
Goodbye to who I used to be
I hate what this did to me
I fall back on what I know
That same place where the flowers never grow
Where the flowers never grow

I'm barely hangin' on
Kept in the darkness
Maybe that's a symptom of it (Symptom of it)
I distort reality
Why can't we agree to ignore that?

I've been wrong, but I'll pay for this
Yeah, something's off, I'll admit
I'll admit

I've been wrong, but I'll pay for this
Something's off, I'll admit

It felt like a dream but now it's over
The best of me has found some closure
Run it back inside my head
Been a week since I said
Goodbye to who I used to be
I hate what this did to me
I fall back on what I know
That same place where the flowers never grow
That same place where the flowers never grow

Goodbye to who I used to be
Something's fucking wrong with me
I fall back on what I know
That same place where the flowers never grow

I fall back on what I know
That same place where the flowers never grow
Flowers never grow
