

# Turn You 'round

The Devlins

Every time I look at you  
I think of all the things we could do  
And all the happiness you could use

Fancy cars and limousines  
Take you every where to be seen  
But do you really need these things to get by

'Cause if you're looking kind of sad about it  
Tell me, what you need?

CHORUS

Anything that you want done baby  
Anything at all  
Any tie you need me  
I'll return your call, yes I will  
Turn you around

If love is all that you're searching for  
You know I've got so much more  
Than you will ever need

'Cause I'm looking kind of sad about  
Tell me, what you need?

CHORUS
