

Borneo Jimmy

The Dictators

Standing by the ringside
Cheering on the bad guys
Jimmy lights a cigar
Cursing out the old farts
Drinking Johnny Walker Black
Jimmy's been to hell and back
But nothing ever gets him down
Cause he's got his friends around

Hey, hey, hey
Your day will come
Don't you lose your inspiration
You will reach your destination-now

Go Jimmy go
Go Jimmy go
It's your time to fly
Go Jimmy go go go go

He loves our little furry friends
Stores 'em up in gelatin
He can babble on and on
All about Jim Morrison
Searching for the promised land
Love can ruin a ladies man
Sonny Liston got his breaks
You'll get yours if you can wait

Hey, hey, hey
Your day will come
Don't you lose your inspiration
You will reach your destination-now

Go Jimmy go
Go Jimmy go
It's your time to fly
Go Jimmy go go go go
