

Advertising

The Dip

I wish I had a million dollars to spend
On advertising
They gonna believe in whatever you need
You need some advertising
I wish I had a million dollars to spend on advertising
You see your hair from morning to bed
Can't stop that advertising

(Make 'em believe) In whatever you need

You can turn anything into a thing baby
You can turn anything into a thing baby
You can turn anything into a thing baby
You can turn anything into a thing baby

I wish I had a million dollar campaign
Talking 'bout advertising
On every screen, everything that you see
You see my advertising
I wish I had a million dollar campaign
Advertising
You know my brand like the back of your hand
It's that advertising

(Make 'em believe) In whatever you need

You can turn anything into a thing baby
You can turn anything into a thing baby
You can turn anything into a thing baby
You can turn anything into a thing baby

I wish I had a million dollars to spend
