

## Anyway

## The Dip

Is that all that you can say to me?  
Don't you think that maybe I deserve a little more?  
(For my troubles)  
You're tryin' to play it off so carelessly  
Almost like it never even happened

And here comes the part  
Where you break my heart  
And we could try to make amends  
But you'd just do it all over again  
Anyway. Anyway

As the saying goes, maybe it's just good money chasin' bad  
And it's true that I've been had a few times by you  
(Maybe it was more than a few)  
But can you blame someone for trying to see the good?  
Well baby up 'til now I could  
But you've gone too far now

Ohh here comes the part  
Where you break my heart  
And we could try to make amends  
But you'd just do it all over again

I know I gotta let you go for good!  
Ohh I know I gotta let you go for good!  
Ohh yes I do, I gotta let you go for good!  
Anyway. Anyway
