

## Slow Sipper

### The Dip

On the way home from the studio  
I walked into a bar  
I sat down for a drink or two  
I didn't get very far

She sat right there next to me  
Woah just drinking that drink so easily

She's a slow sipper  
She's taking it slow  
That's why I love her and I can't get her off of my mind  
She's a slow sipper  
She's taking it slow  
That's why I love her and I can't get her off of my mind

After a while I start feeling kinda strange  
I'm trembling in my arms  
Feeling woozy in my brain

She sat right there next to me  
Woah just drinking that drink so evilly

She's a slow sipper  
She's taking it slow  
That's why I love her and I can't get her off of my mind  
She's a slow sipper  
She's taking it slow  
That's why I love her and I can't get her off of my mind  
Woah she's a slow sipper
