The Diplomats

By any means necessary  
Couple million buried in the cemetery  
Beamer, Benz or Bentley, jealous niggas envy  
Gotta me grippin' heavy 'case a nigga tempt me  
They ain't really ready, they ain't really ready  
I'm really deadly, pussy, quick to pop a nigga cherry  
All my women sexy, all my women sexy  
Always in designer, watch how you address me  
Hopped off the porch at a young age  
Hopped in a Porsche at a young age  
She got stupid head, she give me dumb brains  
I'm big news like the front page  
Yeah, neck shinin' like the sun rays  
Got your girl pussy poppin' like a gun range  
Yeah, she take it off, she don't complain  
Get it? She take it off, she don't cum playin'

Yeah, we gettin' rich by any means (by any means)  
She want the dick by any means (by any means)  
We let it rip by any means (by any means)  
Death to my enemies by any means (any means)

Seven foot four, boy still ain't tall enough (word)  
Jim and L, gun case, lawyer on the call with us  
Me and Zeek eatin' bullets, fuck wrong with all of us? (I don't know)  
Come to the mall wit' us, the scene'll get slippery  
Drippin' outta Barney's and I know Neiman's sick of me (yeah)  
Beamer on lean, it's a dream just to get wit' me (hello)

Ivy on the neck, earring bling, Tiffany (bling!)  
Four cars, three clubs, twenty bottles done right (what else?)  
Two keys, three girls, Four Seas' in one night  
Put it in her mouth, I could tell you what her tongue like  
Put it down her throat, I can't lie, I was tum height
