

# Ground Zero

The Diplomats

Yeah  
Y'all know what this is we back at it (uh huh)  
Come on  
It's that nine eleven music right here man  
We in the building man  
Welcome to ground zero everybody  
Juelz Santana  
Dipset  
Hell Rell

Yo, yo I speak pain, I spit power, talk courage, breathe flowers  
Follow me thru the debri of these towers, the rain, the sleet, the street showers  
Don't get caught up when the street showers  
When the guns rain, the clips pour, the soldiers grip fours, then begin war  
Come on, it's Santana the Great  
Tie 'em up, bandana his face, hammer his face, fucker  
I'm trying to get my act together, in the booth now trying to get my rap together  
You know, I got to fire to heat the street up  
Abuse the track, and beat the beat up you know?  
You already know what I'm about homie  
I'm young I'm focused I'm just coming out homie  
You can go by what you hear through word of mouth homie  
Or step out of line, Cam betting the house on me  
You know I ain't stopping yet  
You know my album ain't done, it ain't dropping yet  
I'm in the mist of a bidding war  
And we need two milli more just to move in the door, shit

Yes the boys are back at it  
Come holler at us, the boys are back at it  
So line em up, shoot em down  
Do it know  
Welcome to ground zero  
Tell 'em it's ground zero  
Line em up, shoot em down  
Do it know  
Welcome to ground zero  
Tell 'em it's ground zero  
Yes the boys are back at it  
Come holler at us, the boys are back at it

Killa, yo, these girls told you I'm the man right? (right?)  
Well listen to lover  
When I beef, visions are gutter  
Kids clapping, kidnappings, heard her missing a brother  
I'm hitting your sister, you kissing your mother  
The shit is disguster  
Underground with people, lethal, trapped in the desert, surrounded by evil  
Yeah, I see your bitch is impressed, my kicks is all fresh  
This shit on my chest, by Mitchell and S.  
I got her opened, hoping she's not, I'd have her crack in her tits, coke in her twat  
Have her crack up the strip, coke up the block  
She'd get cracked up and hit, keep soaping your cycle mami  
My girls lay up in suites, a half of cake of week, and masturbate like Tweet

Killa, I be popping the oozies, copping them Coogis, eyes on the drop real d  
roopy  
Mair is snoopy, look at your hooptie, rocking the rubies  
Hop in the hoochie, popping her coochie  
Chill while I'm chasing millions  
I'm a baller that would merk you like Jason Williams (uh Huh)  
Don't play with villas', vacate the building  
Or the eights will come and rape your children  
Yeah, it's a kilo to a milligram  
I'm still the man, word to Killa Cam (Killa Cam)

Yes the boys are back at it  
Come holler at us, the boys are back at it  
So line em up, shoot em down  
Do it know  
Welcome to ground zero  
Tell 'em it's ground zero  
Line em up, shoot em down  
Do it know  
Welcome to ground zero  
Tell 'em it's ground zero  
Yes the boys are back at it  
Come holler at us, the boys are back at it

Two of my cards and crooks slashed at two of my pawns and rooks  
For all the charms they took  
To my head of security, british the titan, clicking the fifth, and gripping  
it tight  
God dammit, not to mention my bishop and knights, I listen to Bridgette to W  
hite  
Makin' crucial trips through the night (highways)  
And Prince Juelz, I told you ever since Juelz  
If them faggets even flinch Juelz (bluuuuatttt)  
My dogs are gonna it 'em alive  
Forty-fours, the pleading, deleting they lives (come on)  
And Killa wallys leading the movement, for realla we wouldn't be in this mov  
ement  
Over him I might kill ya (kill ya)  
Be in a tomb, just facing my time  
Loyal on side, outside spoiler on rides, system bumping, bumping "oh boy" in  
the ride  
Oh boy I done slide, shit, he done came got his boy, he's ashamed at his boy  
Had to flame at a boy, over the name we employed  
Which is none other than Dip Set, for ya'll dumb motherfuckers (holla)

Killa the Don, Freaky, Juelz Santana, BK, Harlem (whoo)  
Hell Rell, the whole Taliban, Dip Set, T. Money, Luca
