

# Atomize Me

The Dirty Nil

Last will and testament  
Of a spoiled and entitled brat  
Dispense with monuments  
And flowers at my feet

And baby, just atomize me  
Then destroy everything I leave  
And pour the ashes down your drain  
And forget my name

Last will and testament  
Of a man on the fuckin' edge  
I don't want no tears to flow at no funeral  
Oh, please

Baby, just atomize me  
Then destroy everything I leave  
And pour the ashes down your drain  
And forget my name

Yeah, forget my name  
Forget my name  
Forget my name

Atomize me  
Atomize me  
Atomize me  
Atomize me

Last will and testament
