

## Blunt Force Concussion

The Dirty Nil

Wanna catch a flick?  
Let the meter tick  
In the parking lot outside  
Of theatre number six  
Where the woofer doesn't kick  
Like she used to anymore

Give me one half dozen blunt force concussions  
Crack my head in two  
Just don't put me through saying I love you

Wanna take a walk?  
We don't have to talk  
It's probably better that way  
"And it's getting pretty late"  
Yeah, that's what I'll say  
When I leave you with the check to pay

Give me one half dozen blunt force concussions  
Crack my head in two  
Just don't put me through saying I love you

Trust me  
If I'm feeling blue  
Trust me  
I'm thinking about you

Give me one half dozen blunt force concussions  
Crack my head in two  
Just don't put me through saying I love you

Trust me  
If I'm feeling blue  
Trust me  
I'm thinking about you
