

Please, Please Me

The Dirty Nil

You don't seem to understand me baby
But I'm just a simple man and maybe
All you should try is some peace and quiet

Give me some more, give me some more and I'm yours
Give me some more, give me some more

Rolling dice and losing all my money
All on lady luck come help me get my
Ducks in a line, my water to wine

Give me some more, give me some more and I'm yours
Give me some more, give me some more

I don't need the finer things
Just the simple pleasures seem
To be all I really need
Hey!

Just give me some more, give me some more and I'm yours
Give me some more, give me some more

Yeah!
