

# This Is the Life

## The Dismemberment Plan

And when they tell you that you don't know what you're doing now  
And when they tell you that you're not the one to live your life  
And when they tell you that they think that you're just marking time  
And when they tell you that they think that you're in trouble now  
And when they tell you that you're wasting the best years of your life  
And when they tell you that you'll never get a single thing right  
Well, put up a fight  
But this is the life  
No matter what they say, you know that  
This is the life  
For better or worse, it'll stay that way  
And when they tell you that they think they've got you figured out  
And when they tell you that they think they know what makes you tick  
And when they step with their 12-point program for being like them  
And when they tell you that you're blowing every chance you get  
And when they tell you that you're setting up a life of regret  
And when they tell you that you just can't get a single thing straight  
Well, it's too late  
But this is the life  
No matter what they say, you know that  
This is the life  
For better or worse, it'll stay that way  
And when they gather 'round like a covey of witches with their sneering pity  
Tell them sons of bitches  
Tell them sons of bitches  
Tell them sons of bitches  
And this is the life  
And this is the life
