

Violet

The Districts

Lipstick smears
Afterparties, your hand in my mouth
I love how sweetly you dissolve into me

Violet, you're mine
Violet, you're mine
Violet, you're mine

What doesn't last will get remembered
What doesn't last is good to miss
What doesn't last is stuck in your throat
What doesn't last gets swallowed whole

Boys' retreat
Back from summer
Dream of your kiss
I love how sweetly you let them reminisce

Violet, you're mine
Violet, you're mine
Violet, you're mine

What doesn't last will get remembered
What doesn't last is good to miss
What doesn't last is stuck in your throat
What doesn't last gets swallowed whole

What doesn't last will get remembered
What doesn't last is good to miss
What doesn't last is stuck in your throat
What doesn't last gets swallowed whole

I love how sweetly you dissolve into me
I love how sweetly you dissolve into me
