

# White Devil

## The Districts

My cup flows over  
The devil's work  
Cause goodness don't pay  
I learned the hard way

And now I'm blood red  
Ah!

White devil  
Now I'm two heads  
The game the season  
Of the  
White devil  
Of the  
White devil  
Of the  
White devil

Towers ivory  
With plastic siding  
Neighbors dying  
Politicians smiling

It's almost comedy  
But all these bodies  
Abused by the state  
Evolved at what rate

And now I'm blood red  
Ah!

White devil  
Now I'm two heads  
The game the season  
Of the  
White devil  
Of the  
White devil  
Of the  
White devil

White devil  
White devil  
White devil  
White devil

Now I'm blood red  
Ah!

White devil  
Now I'm two heads  
The game the season  
Of the  
White devil  
Of the  
White devil  
Of the

White devil  
Of the  
White devil  
Of the  
White devil
